COMBINED SHOWS ARE COMING.

Stampede Wild West. All the contracts necessary for the innumerable details of the exhibition of a large circus institution have been made for the early appearance in this city of the Wheeler Bros. Circus and the Famous Stampede Wild West. This is one of the world's largest amusement enterprises, and because of its peculiar combination it is probably the most interest-

It is advertised by the management that it is without a peer in point of performance, and it would seem as if this includes two such shows. The Wheeler Bros.' has for years been conceded a place in the front rank of circuses, and in many points it has been given first place. It could not be ex-celled for its horses, the quality and completeness of its equipment or the attention given to the numerous details which are essential for the production of a performance of unusual merit. Although the Wheeler Bros, have always refrained from featuring some five-secend act as a thriller, used purely for advertising purposes, their patrons have always found many surprises in store, and now they have come forward with the boss thriller of them all-a Mexican bull fight, a thrilling reproduction by the Mendaza troupe of genuine Mexican
